

# PIT EDGE PADDING MOUNTING INFORMATION

We recommend the mounting method illustrated below, simply glue select types of carpet to your foundation and the hook fastener sewn into pads will securely attach to the carpet.

Recommended samples of carpet are on the next page, carpet and mounting glue can be purchased at most home improvement stores such as Home Depot.

Do not use if you have any concern about the stability, condition or suitability of this equipment. Inspect warning labels and replace when marred or damaged. Before each subsequent use, re-check equipment stability and settings.

# PIT EDGE PADDING MOUNTING RECOMMENDED CARPET

Below are examples of outdoor carpet we found at Home Depot that accept Hook Fastener well. This type of carpet can be found at most home improvement stores.

Although many brands of carpet may seem similar, **NOT ALL ACCEPT HOOK FASTENER!** If purchasing other brands, take a piece of hook fastener with you to make sure the carpet you are purchasing accepts hook fastener.

When purchasing your choice of carpet, follow the store's recommend glue, contact cement, or other mounting method for the foundation you have.

We are only recommending this carpet type for the mounting area only including the pit wall below the side pads. There are better carpet options for high traffic areas in you gym.
