

PRODUCT INFORMATION
VINYL CLEANING & CARE
READ THIS DOCUMENT AND ALL OTHER ACCOMPANYING PRODUCT DOCUMENTATION THOROUGHLY BEFORE INSTALLING, USING OR PERMITTING USE OF THIS EQUIPMENT. REQUIRE ALL PERSONS INTENDING TO USE THIS EQUIPMENT, AS WELL AS THOSE INSTRUCTING, ASSISTING OR COACHING OTHERS IN THE USE OF THIS PRODUCT, TO READ THIS DOCUMENT THOROUGHLY BEFORE AUTHORIZING THEM TO ENGAGE IN THOSE OR RELATED ACTIVITIES.

Your new mat was made by our skilled craftspeople. It is constructed of top-quality materials and designed to provide years of service under normal conditions. Although all Norbert's mats are covered with extremely durable 18oz coated vinyl material, you should always pick your mat up and carry it from place to place (including even short distances). Most cover wear results from mats being dragged across floor.

Vinyl mat covers require frequent cleaning to remove perspiration and maintain hygiene. Agents containing chlorine will damage materials and should **NOT** be used. For cosmetic cleaning only, use a solution of mild detergent mixed with water. To protect against bodily fluid borne pathogens, (I.E. HIV and Hepatitis B Virus) use a tuberculocidal product such as Precise Hospital Foam Cleaner Disinfectant #40513 Cattech Industries, 2420 Schuette Drive, Midland, MI 48642 Call 1--800-234-7700

Always test cleaning solutions on a small portion of the mat underside before cleaning entire mat. Tough stains may often be removed with a small amount of non-abrasive mechanic's hand cleaner (not the type that contains pumice or other gritty components) which is easily and inexpensively available at most automotive parts stores and a soft cloth.

Norbert's mats are intended for indoor use only. Vinyl mat covers--no matter the color--quickly absorb and retain heat when exposed to direct sunlight. Hot vinyl surfaces can severely burn unprotected skin on contact.

Ultraviolet rays degrade vinyl--even extremely durable 18oz vinyl with which Norbert's mats are covered. Using this mat outdoors or exposing its cover to direct sunlight will reduce useful life, violate any applicable warranty and place mat owner/user in significant jeopardy.

⚠ IMPORTANT CONSUMER PRODUCT HAZARD WARNING — PLEASE READ!

A possibility of serious injury, including paralysis or death, is inherent in any activity involving motion or height. Equipment with which this notice is included is intended for use only by properly trained, qualified persons under supervised conditions. Use without proper supervision is dangerous and should not be undertaken or permitted. Know your limitations as well as the limitations of your equipment. Consult a qualified instructor before attempting any new activity or skill. This equipment must be used with proper mats, spotting equipment and qualified spotters for each activity or skill. Use this equipment only for its intended purpose. Do not modify equipment in any way. Inspect each component for damage, loose fittings or signs of wear before each use. Do not use if you have any concern as to the condition of this equipment. Test unit for stability prior to each use. Do not use if you have any concern about the stability, condition or suitability of this equipment. Inspect warning labels and replace when marred or damaged. Before each subsequent use, re-check equipment stability and settings.
